

Beyond the Book...

Title: ABC Look At Me

Author: Roberta Grobel Intrater

Summary: This is a wonderful book for teaching a child the alphabet. The book starts with A and ends with Z, showing children an example of a mood that each letter stands for. It starts out with "A is for angry" and ends with "Z is for zany".

Before Reading...

Take a "picture walk" through the book, looking at the pictures and talking about the faces of the babies and what they are doing.

During Reading...

Ask questions while you are reading to promote discussion:

- Ask your child to point to a particular picture on the page. (Where is the Bashful Baby with her hands over her eyes?)
- Ask your child to mimic the actions of the babies. (Can you send a Loving kiss?)
- Relate your child's experience to the pictures. (Ouch- he has a boo-boo. Where is your boo-boo?)

After Reading...

Sing the alphabet song at the end of the book and shout hooray with your child!

Point out letters in the environment—in your home (cereal boxes, on toys, magazines, etc.) and as you go out in the community.
